👤 PROFILE

Frontend Developer specializing in React.js with a strong foundation in JavaScript, HTML, CSS, and REST APIs. Built multiple responsive projects using modern front-end tools like Next.js, Redux, Bootstrap, Tailwind CSS. Passionate about writing clean, efficient code and continuously learning new technologies.

⚖ PROFESSIONAL EXPERIENCE

Jr. Frontend Developer

Betopia Group ↗

August 2025 - Present

Achievements

- Developed and maintained dynamic web applications using React.js and Next.js.
- Implemented state management efficiently using Redux Toolkit, RTK Query, and TanStack Query for optimized data fetching and caching.
- Integrated RESTful APIs using Axios with proper error handling and authentication flows.
- Designed responsive and modern UI components using Tailwind CSS and Ant Design.
- Ensured clean, maintainable, and scalable code following best practices and modern development standards.

Jr. Software Engineer

Nawab Host ↗

July 2022 - April 2023

Achievements

- Collaborated closely with the development team to ensure accurate, pixel-perfect implementation of Figma designs into clean, maintainable React components.
- Redesigned the Nawab Host website by converting UI designs from Figma into responsive HTML templates and integrating them into a Laravel framework.
- Contributed to the development of custom WordPress widgets, enhancing the overall flexibility and usability of the CMS.

Junior Officer IT

Proyas Manobik Unnayan Society ↗

May 2021 - July 2022

Achievements

- Assisted developers in the development of web applications using core technologies including HTML, CSS, Bootstrap, PHP and MySQL.
- Actively contributed to troubleshooting, debugging, and maintaining the existing codebase to ensure optimal functionality and performance.
- Supported the implementation and customization of WordPress CMS for dynamic content management across various organizational platforms.

🧰 PROJECTS

- **The Pigeon Hub** ↗
  (Associated with Betopia Group)

ThePigeonHub.com – Developed a pigeon pedigree and verification platform; converted Figma designs into responsive UI and integrated REST APIs for dynamic functionality.

Tools/Technologies: HTML, CSS, Tailwind CSS, Ant Design, React.js(Admin Dashboard), Next.js(Website).

- **Loyalty and Rewards App Dashboard** ↗
  (Associated with Betopia Group)

Loyalty and Rewards App Dashboard – Developed an admin dashboard for a mobile application featuring structured tables, interactive charts, and detailed reports for performance tracking and data analysis.

Tools/Technologies: HTML, CSS, Tailwind CSS, Ant Design, React.js.

- **Nawab Host** ↗
  (Associated with Nawab Host)

Hosting Company Website – Developed a hosting service platform showcasing domain details, hosting packages, pricing, and service information. Converted Figma designs into a responsive HTML–Laravel website, integrating WHMCS for seamless product purchases.

Tools/Technologies: HTML, CSS, Bootstrap, JavaScript, PHP, Laravel.

💡 SKILLS

Programming Language
JavaScript, HTML, CSS, SCSS

Frameworks
Next.js, Tailwind CSS, Bootstrap

Library
React, Axios, TanStack Query, React Hook Form, Redux

Tools
Figma, Adobe Illustrator, Adobe Photoshop

Version Control
Git

🎓 EDUCATION

01/2017-03/2021	**Daffodil International University**
Dhaka, Bangladesh	BSc in CSE
	CGPA: 3.39 (Scale of 4.00)

🖥️ COMPETITIVE PROGRAMMING

URI Online Judge [Handle: 172161]

📄 CERTIFICATES

Master HTML and CSS by building real world projects (Udemy) ↗
Credential ID UC-22f0b588-d9cc-45af-bc1a-9cd5cad11cf7

Master Git and Github - Beginner to Expert (Udemy) ↗
Credential ID UC-1ca68fd6-c136-43af-8d60-4616007b1001
